

Trading Psychology 301: How Professional Traders See the World, 0972818413, 9780972818414, 2003, Jesse Thompson

Description: This course module contains several instructive essays that teach you how professional traders think; as well as how you can develop a mindset that supports consistent execution and profitable trading. Topics Covered: Positive thinking and expectation; maximizing trade execution; visualization practices of top traders; proper trading habits; emotional market memory; the difference between being intelligent vs. being effective; being right vs making money and why thinking is dangerous. Also includes sections on selective perception; cognitive vs motivational factors; emotional market memory; mental rigidity; insights into mental profiles of elite traders. Course Outcome: After completing this course module you'll understand why the psychological component in trading is so crucial and specific kinds of thinking habits that you need to develop to put effective trading strategies to profitable use.
